Messless charger - £69.95

Weary of wires and tired of tangles? This clever hub could be just the answer to your prayers. Instead of having to rely on a separate charger for every electrical device you own, simply plug in up to four gizmos at any time and watch them power up. The Messless charger comes with six interchangeable connectors that are compatible with Sony Ericsson K750 and Nokia phones, iPods, Mini USBs, PSPs, digital cameras and more. Cutebitz.com
